Sector-aware, evidence-tiered readiness.

DaDD™ is BCA's proprietary diagnostic and due-diligence methodology: sector-specific modules across fifteen industries, scored dimension by dimension with tiered evidence standards. It is how a business learns — before the market does — exactly how institutional capital will read it.

The services.

01

BCA/DADD-001

FLAGSHIP DIAGNOSTIC

DaDD™-Full — Full Sector Diagnostic

The definitive sector-aware readiness diagnostic — the full institutional read on your asset or platform.

WHO IT'S FOR

Sponsors and asset-holders in any of fifteen covered sectors seeking institutional capital, or an exclusive diagnostic before going to market.

WHAT YOU GET

A six-phase diagnostic against your sector module: full data-room review, management interviews and site visits where required, a dimension-by-dimension readiness scorecard, investor archetype matching and a classification that tells you plainly where you stand.

02

BCA/DADD-002

RAPID SCREEN · ENTRY
PRODUCT

DaDD™-RS — Rapid Screen

A fast, honest yes/no before you commit — in days, not weeks.

WHO IT'S FOR

Decision-makers who need a preliminary BCA view on a sector-specific opportunity ahead of an investment committee or a full diagnostic.

WHAT YOU GET

A condensed screen of the highest-weight scoring dimensions, one management call, and a clear recommendation: proceed to full diagnostic, proceed with conditions, defer, or decline.

The services, continued.

03

DaDD™-VDD — Vendor Due Diligence

Sell-side diligence that travels with the asset — and survives buy-side scrutiny.

BCA/DADD-003

SELL-SIDE DIAGNOSTIC

WHO IT'S FOR

Sellers and sponsors preparing an asset for divestiture, IPO or a significant raise, who want the diligence done on their timetable rather than the buyer's.

WHAT YOU GET

A full sector-module diagnostic scoped for buy-side consumption: disclosure schedule, structured data room, management presentation and an honest bankability read that buyers can rely on.

04

DaDD™-CD — Counterparty Diligence

Know who you're about to depend on.

BCA/DADD-004

COUNTERPARTY RISK
DIAGNOSTIC

WHO IT'S FOR

Businesses entering a material relationship — offtake, supply, joint venture, key customer or supplier — that warrants an independent risk view.

WHAT YOU GET

Financial, operational and reputational diligence on the counterparty, a scored risk matrix, and specific structural recommendations — the clauses, security and protections the relationship should carry.

LET'S TALK

Every engagement begins with a *structuring conversation.*

Whether you're testing whether you're ready, weighing a structure, or preparing to go to market, the first step is the same: a conversation about where you are and what the right next move looks like.

Tell us your situation and we'll set out the recommended sequence — and exactly what each engagement would cover before any commitment is made.
